

Certificate

for

Sustainability Management

The Environmental Verifier comprehensively verified the Sustainability Management, the Sustainability Review, its Results, the Sustainability Performance and the Sustainability Report of the organisations

HiPP Croatia d.o.o.
Kralja Zvonimira 1
HR-44400 Glina

The documented audit has proven that the Management System and the Sustainability Report meet the requirements of the Sustainability Management System EMAS^{plus} according to the Guidelines from November 2012 developed by kate e.V. and practical partners of the social services industry. EMAS^{plus} requires a validated Environmental Management system according to EMAS and follows the principles and core areas of the international Guideline DIN ISO 26000 (Guideline for Social Responsibility).

Aletshausen, the 05. July 2018

Dr. rer. nat. Günther Rau
Environmental Verifier kate e.V.
Nationally Certified Food Chemist
